Surrey and Borders

Frimley Health

Hampshire and Isle of Wight

We would like to invite you to join the South East Inclusion Network.

We are a network consisting of staff network chairs, Equality, Diversity and Inclusion Leads and Human Resources personnel. Some of us have lived experience of inequalities and others are allies but we all share the common goal of improving experiences, ensuring equity and ensuring that those with protected characteristics fare just as well as those without.

The purpose of the group is to provide a forum where people can find mutual support to influence change, provide a space to share ideas and resources, highlight any learning and development opportunities and ways to apply the learning and work collaboratively. We aim to provide inspiration and motivation from within a community of practitioners. Striving to embed equality, equity and inclusion is not without its challenges and it is essential we support each other and seek support for ourselves.
